WABAMUN WATERSHED MANAGEMENT COUNCIL

What are we working on?

Nutrient Reduction Strategy

The WWMC is continuing its work on a Nutrient Reduction Strategy to help address this important issue at the lake through work with the following groups:

Boaters - focus on improved

septic management

Watershed Residents - focus on

how to "live by water" plus
free homesite consultations

Municipalities - focus on

improving operations &
policies

Government - focus on

coordinated services and
effective enforcement

Agriculture - looking at best

management practices

On left tap water and plant with 1tbsp fertilizer added,
on right tap water and plant with no fertilizer added.

Watershed Management Plan

The Council is embarking on a review and revision of the original watershed management plan for this area called: *Lake Wabamun Management Plan: 1985* (view at www.wwmc.ca under "Watershed Information - Studies and Reports"). Once the Council has made some progress on revising the plan they will be going out to talk about this with the broader community.

Calendar of Events

er the summer of 2009 WWMC is planning to get involved in the following areas:

July 14: Booth at *CISN at the Lake* - Village of Wabamun (11 am to 5 pm)

Selected dates July & August: Free homesite consultations for residents of Moonlight Bay, Kapasiwin & Lakeview (call Verne for information at 780-497-0348)

July 1: Display at *Entwistle Homecoming 2009*

July 18: Display at Parks Day, Wabamun Provincial Park (noon to 2 pm)

July 25: Community Presentation: *Keeping Wabamun Lake Clean & Clear* at Wabamun Seniors Centre (1 to 3 pm)
